Magento plug-in toevoegen

Nederland **Internet**

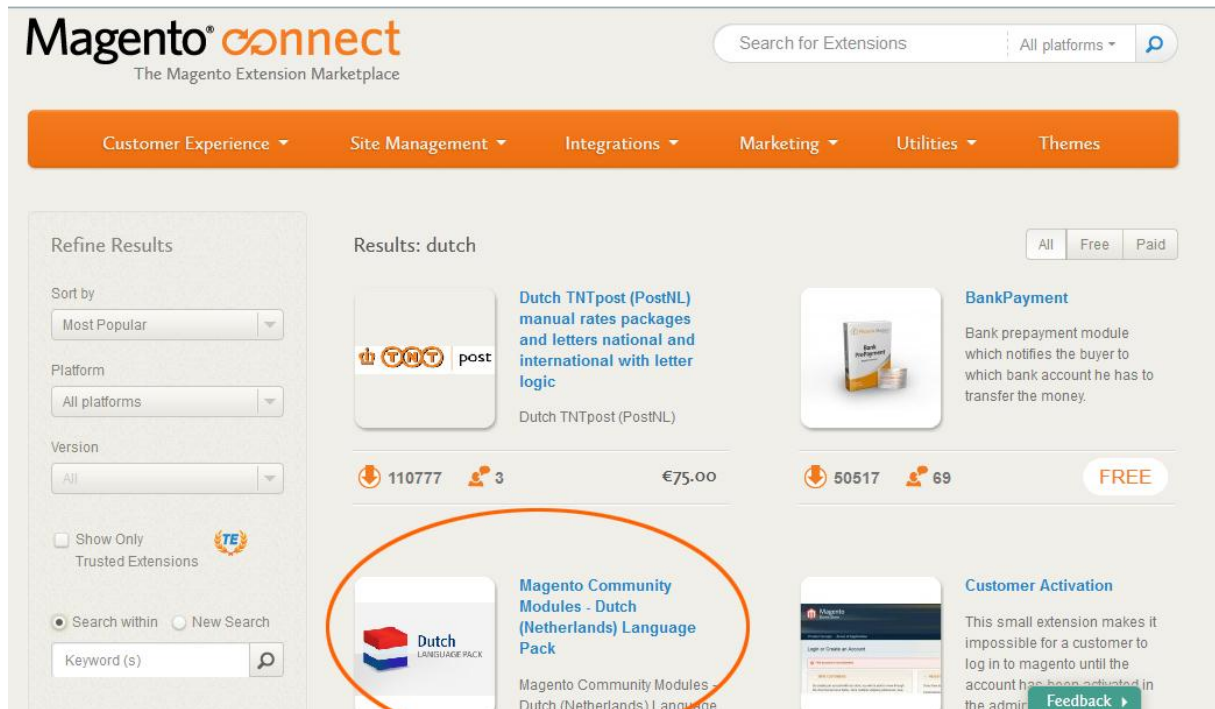

Ga naar <http://www.magentocommerce.com/magento-connect/> en typ bij *find extensions for your store* de plug-in in die je zoekt. (Als je nog geen account hebt aangemaakt bij Magento connect moet je dit eerst even doen voordat je verder kan gaan.)

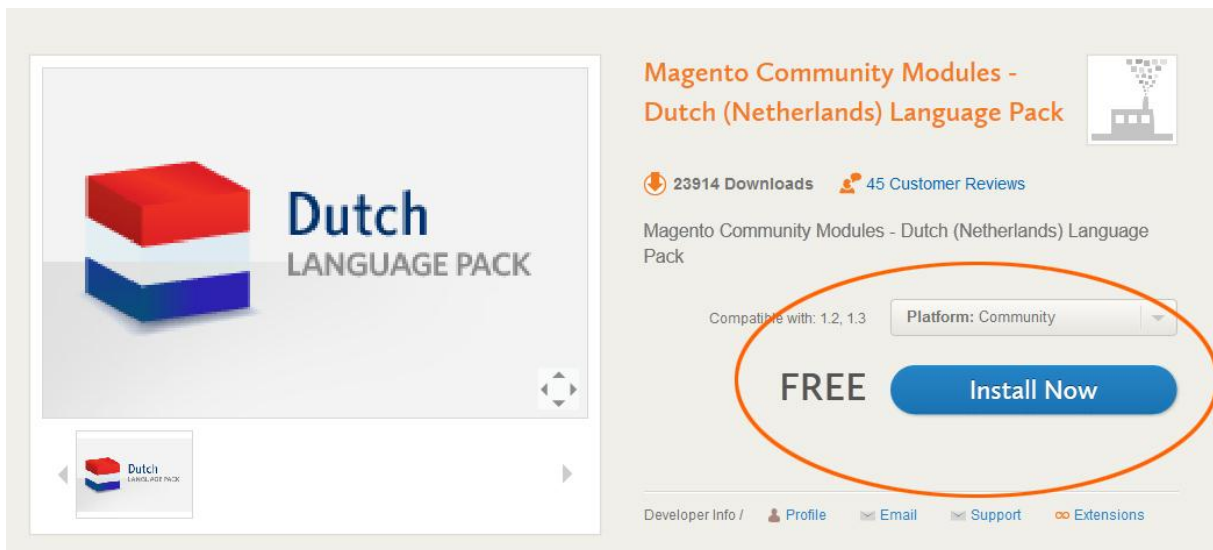

The screenshot shows the Magento Connect homepage. At the top, there is a navigation bar with links for COMMUNITY, ENTERPRISE, GO, MAGENTO U, and MAGENTO CONNECT. The main header features the Magento Connect logo and the tagline 'The Magento Extension Marketplace'. Below this is a horizontal menu with categories: Customer Experience, Site Management, Integrations, Marketing, Utilities, and Themes. The main content area includes a video player on the left and a search section on the right. The search bar contains the text 'dutch' and is circled in orange. Below the search bar, there is a welcome message: 'Welcome to the "New" Magento Connect' and a 'Learn More' button.

The screenshot shows the search results page for 'dutch' on the Magento Connect website. The search bar at the top contains 'dutch'. The results are displayed in a grid format. The first result is 'Dutch TNTpost (PostNL) manual rates packages and letters national and international with letter logic' with a price of €75.00. The second result is 'BankPayment' which is free. The third result, 'Magento Community Modules - Dutch (Netherlands) Language Pack', is circled in orange. The fourth result is 'Customer Activation' which is free. On the left side, there is a 'Refine Results' section with filters for 'Sort by' (Most Popular), 'Platform' (All platforms), and 'Version' (All). There is also a 'Show Only Trusted Extensions' checkbox and a search bar for keywords.
